4. New Business

The first item read was:

- A. Authorization to enter into an agreement with CPS Construction Group in a not-to-exceed amount of \$691,641.50 for garage repair and maintenance.

Mr. Taylor Blice explained that every two years, the Authority conducts a physical inspection of the West General Robinson Street Garage. This year, the inspection was performed by O&S Associates (O&S). In its report of their findings, O&S recommended contracting for the removal and replacement of floor slab sealants at all tee-tee joints and pour strips, concrete repairs at spalled areas, and for the provision of traffic bearing membrane at the turning bays. Since the Authority will be bidding the installation of a new traffic bearing membrane as part of a larger project that will include the Gold 1 Garage, the bid alternate to replace the traffic membrane over the replaced sealant joints at the roof level for WGRSG will not be included in this contract.

The project was designed to be performed in three phases in 2018, 2019 and 2020. The 2018 phase, which was the base bid, was for general concrete repairs and sealants for an amount of \$430,519. In 2019, the second phase of work will be done which includes the replacement of sealant at all remaining tee-tee and pour strip joints not corrected in 2018. In 2020, the remaining pour strips and tee-tee joints on Levels 8 through 10 would be addressed.

The Authority publicly advertised and received seven bids. CPS had the lowest responsible bid. The bids also included unit pricing in the event that the Authority found any additional work or repair. The total cost for the repairs is \$691,641.50. The warranties are five years on the sealants and traffic coating, and one year on all other work. There is 10% MBE participation and 2% WBE participation.

Mr. Lederman asked if any Board Members had any questions. Hearing none, he asked for a motion to approve.

The motion to approve was made, seconded and the following resolution was passed:

**RESOLUTION NO. 1 (2018)**
